DREAMS4CARS Selected Conferences, Events and Workshops with Dreams4Cars contributions, September 2018

Conference/event	Dates	Location	Dream4Cars contribution
ITS / Automotive Community			
Automation for Commercial Vehicles 2017 https://autonomous-commercial-vehicles.iqpc.de	12 – 14.9.2017	Stuttgart, Germany	Presentation: A look at future (co)-driving agents -From human-robot interactions to learning by dream-like simulation mechanisms
1st Pan-European Safe Strip Workshop Organized by H2020 Safe Strip project http://safestrip.eu/	27.9.2017	Thessalo-niki, Greece	Presented the Dreams4Cars concept with particular emphasis to Digital Infrastruc-ture support (which is the topic of the SafeStrip H2020 project)
IEEE International Conference on Intelligent Transporta-tion System http://www.itsc2017.org)	16-19.10. 2017	Yokohama, Japan	Position Paper: Exploiting Dream-Like Simulation Mechanisms to Develop Safer Agents for Auto-mated Driving
Workshop "Autonomous driving, real driving emission and simulation: the challenge and the solutions" Politechnico di Torino	26.10.2017	Torino, Italy	Round Table / Presentation:
Branchentag Automotive - Automotive goes Future https://www.ac-bb.de/veranstaltungen/artikel-an-sicht/article/branchentag-automotive/	21.6.2018	Klettwitz Germany	Attendance, demonstration of DFKI test vehicle and promotion of Dreams4Cars
IPG user conference – Apply & Innovate 2018 IPG-Automotive (Carmaker) https://ipg-automotive.com/de/veranstaltungen/apply-innovate/	11-12.9.2018	Karlsruhe, Germany	Presentation: "Test Environments for Artificial Co-driver in Dreams4Cars - Fast steps from MIL to vehicle."

Conference/event	Dates	Location	Dream4Cars contribution
Robotics Community			
EUCOG2016 EUCognition Meeting "Cognitive Robot Architectures" http://www.eucognition.org/index.php?page=2016-vi-enna-general-info	8.-9.12.2016	Vienna, AT	Dream-like simulation abilities for automated cars: The Dreams4Cars project.
ERF 2017 (European Robotics Forum) http://www.erf2017.eu)	22-24.3.2017	Edinburgh, UK	Invitation to present the Dreams4Cars project (poster and presentation)
EUCOG 2017 EUCognition Meeting "Learning: Beyond Deep Neural Networks" http://eucognition.org/index.php?page=2017-zurich-general-info)	23-24.11.2017	Zurich, Switzerland	"A Hybrid Multi-Layer Architecture for Autonomous Vehicles Utilising a Hierarchical Perception-Action Dream Simulation Mechanism,".

Conference/event	Dates	Location	Dream4Cars contribution
Others/General Public			
APRE Round Table (Italian National Contact Point)	23.1.2017	Rome, Italy	Invitation to present the Dreamns4Cars project and to participate in a round table.
AdaptIVe Project Final Event (https://www.adaptive-ip.eu)	28-29.6.2017	Aachen, Germany	Attending final event, establishing connections.
European Researchers night https://forskarfredag.se/researchers-night/	29.9.2017	Skoevde, Sweden	Dreams4Cars poster and PowerPoint presentation
Smart Mobility World – 2017 (http://www.lingottofiere.it/event/it-790/smart-mo-bility-world)	11.10.2017	Turin, Italy	Round table / Presentation: "Driving Agents: from human-robot interactions to learning by dream-like simulation mechanisms"
Bologna Moto Show 2017 https://motorshow.it/it/	4.12.2017	Bologna, Italy	Dreams4Cars presentation at "Digital LAB Autoliv", "A look at future (co)-driving agents from human-robot interactions to learning by dream-like simulation mechanisms"
High School "De Gasperi"	5.12.2017	Borgo Valsugana, TN (Italy)	A look at future (co)-driving agents from human-robot interactions to learning by dream-like simulation mechanisms.
High School "Rossi"	24.1.2018	Vicenza (Italy)	A look at future (co)-driving agents from human-robot interactions to learning by dream-like simulation mechanisms.
High School "Chilesotti"	2.2.2018	Thiene, Italy	A look at future (co)-driving agents from human-robot interactions to learning by dream-like simulation mechanisms.
Liaisons Modena- Trento PAT Workshop to explore collaborations on IT/ITS	8.2.2018	Trento, Italy	Presentation Dreams4Cars: IV/ITS research at the Dept. of Industrial Engineering (2003-2018). Separate presentation to the FCA management of Dreams4Cars.
Automotive Tech AD 2018 https://autonomous-driving-berlin.com/	4-6.3. 2018	Berlin, Germany	Presentation of Dreams4Cars & Moderation of two sessions on the role of simulation for autonomous driving
UNITN Prospective Students	27.4.2018	Trento, Italy	Artificial Cognitive System Architectures for long-term reliable automated driving.

Conference/event	Dates	Location	Dream4Cars contribution
Others/General Public			
UNITN PhD students	11.6.2018	Trento, Italy	"Reti neurali e guida autonoma"
Control 2018 - The 12th International UKACC Conference on Control Proceedings of Control 2018	5.-7.9.2018		Linear System Identification of Longitudinal Vehicle Dynamics Versus Nonlinear Physical Modelling http://eprints.whiterose.ac.uk/133010/
